

August 26, 1970

Dear John,

Your Graphic Art Division has undertaken numerous special projects for me and the staff over the past year. I have been most impressed with the cooperation and high professional standards which are reflected in their efforts.

In particular, I would like you to pass my appreciation to Master Sergeant Donald E. Newby for his recent assistance. It typified the excellence which we have noted in others so often in the past.

Sincerely,

/s/

Henry A. Kissinger
